

FIRM OVERVIEW

Foit-Albert Associates is an award-winning multidisciplinary Architecture, Engineering and Surveying Consulting Firm.

The architectural group brings extensive experience in the design of new buildings and the rehabilitation and restoration of existing facilities. Clients include public and private sectors, and encompass federal, state, municipal, commercial, institutional and industrial projects. Project types include colleges and universities, K-12 educational institutions, municipal facilities, cultural and heritage facilities, housing projects, zoos and aquariums, healthcare institutions and parks & recreation projects. We also have historic preservation specialists and a certified code-enforcement official.

The engineering group offers design and inspection services for a variety of federal, state, municipal and private clients. Professional services include transportation, site/civil, environmental and structural engineering. Project types include bridges, culverts, highways, roads, intersections, parks, trails, multi-use paths, canals, stormwater management, environmental engineering, water systems, sewer systems, parking lots and planning board review projects.

The surveying group handles professional land surveying needs for commercial and residential clients. Our expertise ranges from boundary surveys, ALTA/ACSM Land Title Surveys, 1A and 2C survey and certification of wireless telecommunication facilities to topographic surveys and high definition laser scanning for architectural and engineering support. Foit-Albert's survey field crews are equipped with current, state-of-the-art equipment, supported by CADD graphic workstations.

Since its inception in 1977, Foit-Albert has approached each new project with an open mind and sincere desire to create the best possible results for its customers. This client-centered approach focuses on the mission of the client, the vision and expectations of the project and the collaborative process which inspires creative concepts that often exceed expectations.
